

EXPERIENCE ECHOSTAR'S VISION

EchoStar's vision is to be a leader in changing the way the world communicates. For more than 25 years, EchoStar has brought that vision to life by providing innovative technology, quality products and dynamic solutions. Now we are bringing that vision to the FSS world in High Definition, MPEG4 and Satellite IP.

EchoStar Fixed Satellite Services Corporation provides comprehensive solutions for the Broadcast, Government and Enterprise markets. With a fleet of 14 BSS and FSS satellites and a fiber optic network in 175 cities, EchoStar can customize a solution to deliver your content in any format.

Put our world-class infrastructure to work for you:

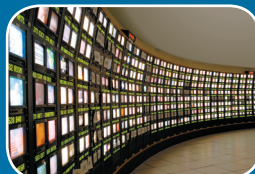

- Dedicated and Occasional-Use C, Ku, and Ka Band Satellite Capacity
