Do you have satellite modems that have been operational for several years? While the units are functional, you may not be taking advantage of the latest methods to optimize your satellite links. The advanced technologies available in Comtech's industry-leading modems can help you minimize operating costs and maximize transponder utilization. With the monthly savings you can achieve, the new equipment purchase can be easily justified.

Which modems and technologies are right for your network? Use our Bandwidth Optimization Tool to run link configurations to determine which products could best serve your needs. Access this free tool via the link below, or give us a call and we will assist you in the product selection process.
